

Furlong Industrial Systems

W194 NI1221 McCormick Drive, Germantown, WI 53022
Office (262) 255-5611
www.furlongindustrial.com

We are your cooling tower people! Evapco offers a variety of quality cooling towers, ice thermal storage, adiabatic and dry coolers. In addition—plus replacement parts and water treatments.

Mr. Goodtower

Free inspections and 2-year warranties on Non-Evapco cooling tower parts

HIGH-K

Heat Exchanger Systems

Shell & tube heat exchangers with gasketed ends for easy maintenance

Cottonwood filter screens

Efficient pumps, smart controls, packaged systems.

Cold storage design/build

Custom and replacement HVAC coils and air handlers

Modular high-pressure steam generators

High-efficiency condensing boilers and water heaters

Heat exchangers built to specific heat load needs

Snow melting, roof de-icing, pipe tracing

Humidity Control-Custom-engineered systems

Compact, efficient, all-in-one HVAC systems

Magnetic separators and expansion tanks

Skid packages

Tower panels, VFDs, water level control

Advanced HVAC, food and process chiller systems.

VRF, chillers, ductless & hydronic systems

Custom, efficient chillers with eco-friendly technology

Haier

Ductless mini-split systems

 **HEXONIC** | HEAT EXCHANGERS

Custom and standard heat exchangers for efficient heat across HVAC and Industrial applications.

Kelvion

Dry coolers and plate and frame heat exchangers

ICE AIR 
World Class Comfort®

High -efficiency water source heat pump and fan coil HVAC units.

 **LAKOS**
FILTRATION SOLUTIONS™

Efficient, reliable, self-cleaning filtration systems.

 **Moffitt**
Ventilation Solutions™

Innovative industrial ventilation systems and fans.

RoboVent
A Nederman Company

Dust collection and air filtration

Rovanco®
Piping Systems

Pre-insulated and specialty piping

 **SEASONS 4**™

Builds custom and replica air handlers for commercial HVAC systems

SIGMA-OMEGA 

Advancing water source heat pump HVAC technologies to improve energy efficiency and system performance.

 **THERMAL CARE**
Superior equipment, Exceptional service

Process cooling and heat transfer

 **Triangle Tube**

High-efficiency boilers for hydronic and hot water applications.

TROX® **TECHNIK**
The art of handling air

Air distribution and climate solutions

 **VENTS-US**

HRVs, ERVs, inline fans

VIBRO-ACOUSTICS 
by Swegon

Noise/vibration isolation, indoor climate

 **VTS**

AHUs, air curtains, heating units

 **WARREN TECHNOLOGY**

Electric duct heaters

 **WPI**
Since 1993

Industrial chillers
